This document is not, and should not be used as, a program to update the engagement documentation of an engagement started in a previous version of this product.

## WORKPAPER UPDATES AND ROLL FORWARD NOTES

### General Roll Forward Note:

You must be the current editor of all Knowledge Coach workpapers to update to the latest content, and you must be the current editor upon opening the updated workpaper for the first time to ensure you see the updated workpaper.

The 2021 *Knowledge-Based Preparation, Compilation, and Review Engagements* tools have been updated to take into account the latest literature, standards, and guidance applicable to preparation, compilation, and review engagements. The 2021 tools include links to detailed analysis related to the steps and processes discussed in the workpapers. Also included is a revised financial statement disclosures checklist that provides a centralized resource of the required and recommended U.S. GAAP disclosures and key presentation items currently in effect, using the style referencing under the FASB Accounting Standards Codification.<sup>TM</sup>

The tools in this edition of *Knowledge-Based<sup>TM</sup> Preparation, Compilation, and Review Engagements* are current through Statement on Standards for Accounting and Review Services No. 25 (SSARS-25), *Materiality in a Review of Financial Statements and Adverse Conclusions*; issued in 2020, and the AICPA Guide *Preparation, Compilation and Review Engagements*. SSARS-25 is effective for engagements performed in accordance with SSARSs for periods ending on or after December 15, 2021. Early implementation is permitted. This edition fully implements the provisions of SSARS-25. If you do not wish to implement SSARS-25.

**Caution: This title should only be used by accountants who are implementing the requirements of SSARS No. 25 as which is effective for periods ending on or after December 15, 2021. For engagements where those standards will not yet be implemented, the accountant should continue to use the 2019 titles, released on 1/2/20.**

### KBCR-901 Financial Statement Disclosure Checklist

If you are not an early adopter, you still must install this title to obtain the updated KBCR-901 Financial Statement Disclosure Checklist. The disclosure checklist is an independent workpaper and can be added to a binder without updating the other content for the new standards.

After installing, if you choose not to release the title, there are three options for inserting the updated disclosure checklist into a binder:

**Note:** Each of these options requires a staff member or group to have the right "Insert Workpapers from Unreleased Titles" which can be assigned in the ADMIN module. The staff with this right are noted as "select staff members" in the options below.

- Select staff members can insert the updated checklist and delete the existing checklist from the binder. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy/paste any relevant information.
- Select staff members can use the Update Knowledge Coach Content feature to update to the 2021 checklist. To do this, first check in all workpapers except KBCR-901 Financial Statement Disclosures Checklists to avoid accidentally updating other workpapers. Then, right-click on KBCR-901 in the binder and select **Update Knowledge Coach Content > Update Selected Knowledge Coach Workpapers** to update only the disclosure checklist to the 2021 version. This option retains responses from the prior year other than the tailoring questions (table of contents).

**Note:** If other forms are accidentally updated, the changes cannot be undone.

- Select staff members can create a binder template with just the updated disclosure checklist. Then, other staff members can copy and paste the disclosure checklist from the template into the client engagement binders. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy/paste any relevant information.
