

CCH® ProSystem fx® Knowledge Coach

Welcome to 2020 Knowledge-Based Audits™ of Commercial Entities for Knowledge Coach

This bulletin provides important information about the 2020 release of Knowledge Based Audits™ of Commercial Entities. Please review this bulletin carefully. If you have any questions, additional information is available on CCH [Support Online](#).

Information about the Title

This title is designed to help the auditor efficiently and effectively perform financial statement audits, and, when applicable, audits of internal control over financial reporting, of nonpublic commercial entities in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). The Knowledge-Based™ Audit Methodology is a risk-based methodology that emphasizes using knowledge of the entity to make risk assessments in connection with a financial statement audit. This method allows the auditor to more appropriately focus audit efforts on areas which, in the auditor's judgment, are the most significant and pose the most risk of material misstatement to the financial statements.

Conducting audits of nonpublic commercial entities requires the exercise of the auditor's professional judgment. Additionally, the operations of nonpublic commercial entities are often unique and complex. These types of audits can require specialized accounting and auditing knowledge. This edition includes specific up-to-date guidance for auditing nonpublic commercial entities.

This document is published to communicate the updates and enhancements included in the current version of this title to users of the toolset. This document is not, and should not be used as, an audit program to update the audit documentation of an engagement started in a previous version of this product.

If you are updating from a previous version of this title, refer to the *Knowledge Coach User Guide*, Chapter 12. The guide is found on the CCH® ProSystem fx® Engagement File Room Help menu.

The 2020 documents include CCH® Accounting Research® material links to specific guidance. These links provide instant access to detailed analysis related to the steps and processes discussed in the workpapers.

Caution: This title should only be used by auditors who are implementing the requirements of SAS No. 134 – 140. For engagements where those standards will not yet be implemented, the auditor should continue to use the 2019 title, released on August 1, 2019.

New in this Release

CCH® ProSystem fx® Engagement 2019 Compatibility

This title can be installed on Engagement v2019 by first installing the Engagement v2019.2.6 Update. The latest update can be downloaded via CCH® Software Delivery Manager. This update allows you to use the 2020 content without installing Engagement v2020 until your firm plans to update.

KBA-901 Financial Statement Disclosure Checklist

Even if you are not an early adopter, you still should install this title to obtain the updated KBA-901 Financial Statement Disclosure Checklist. The disclosure checklist is an independent workpaper and can be added to a binder without updating the other content for the new standards.

After installing, there are three options for inserting the updated disclosure checklist into a binder:

- Install the 2020 title, but do not release it. In the ADMIN module, assign the Insert Workpapers from Unreleased Titles right to a select group of staff members. Those staff members could then insert the updated checklist and delete the existing checklist from the binder. The new checklist will not include any of the prior responses; however, the user could refer back to the checklist in the prior year binder and copy/paste any relevant information.
- Staff members with the Insert Workpapers from Unreleased Titles right could use the Update Knowledge Coach Content feature to update to the 2020 checklist. To do this, first check in all workpapers except KBA-901 *Financial Statement Disclosures Checklists* to avoid accidentally updating other workpapers. Then, right-click on KBA-901 in the binder and select **Update Knowledge Coach Content > Update Selected Knowledge Coach Workpapers** to update only the disclosure checklist to the 2020 version. This option keeps responses from the prior year, other than the tailoring questions (table of contents). **If other forms are accidentally updated, the updates cannot be undone.**
- Install the 2020 title, but do not release it. Have a staff member with the Insert Workpapers from Unreleased Titles right create a binder template with just the updated disclosure checklist. Other staff members can copy and paste the disclosure checklist from the template into the client engagement binders. The new checklist will not include any of the prior responses; however, the user could refer back to the checklist in the prior year binder and copy/paste any relevant information.

2020 Edition of Knowledge-Based Audits of Commercial Entities

This edition features numerous enhancements, including:

- Updating the function of KBA-901 for a new, streamlined approach to tailoring.
- Adding a new tailoring question, "Is the auditor engaged to report on Key Audit Matters?" to AUD-100 that flows to multiple forms to show or hide steps. Please review KCO-003 Answer Effects for the Engagement-Level Tailoring Questions Workpaper to view the functionality of this new tailoring question.
- Adding new columns to document "Key Audit Matters" in KBA-102. These new columns show or hide based on the new tailoring question in AUD-100.
- Adding new default answers in KBA-103 for columns 13, 14, and 15 based on answers in column 12.
- Adding sorting to the "Communication of Internal Control Deficiencies" table in KBA-103. The flow of deficiencies to this table now sort automatically based on the text in the Deficiency No. column in the first table.
- Modifying the answer floatie in the conclusion section of KBA-303 from "No" to "No Inconsistencies Noted."
- Adding a new default answer in Column 7, "CR" in KBA-502.
If a user selects "Yes" to one of the below questions in AUD 100 and selects "No" in Column 5 of KBA 502, "Controls Selected for Testing of Operating Effectiveness," then CR will default to "Max."
 - Has the auditor been engaged to perform an integrated audit (i.e., an audit of internal control over financial reporting that is integrated with the audit of financial statements)?
 - Does the auditor intend to test the operating effectiveness of internal controls over financial reporting?
- Adding columns to KBA-503 for relevant assertions and inherent risk assessment that flow from KBA-502. Also changing functioning so that the user selects which audit areas flow from KBA-502.
- Modifying the header in the second column of "Section I: Risk Assessment Procedures and Related Activities" to now read, "Does the Factor Exist Yes/No" to avoid confusion on how this column should be documented.
- Removing colons from workpaper names so that the user may publish or save forms outside of the engagement without receiving the error message for an invalid character.
- Enhancing instructions and procedures throughout the toolset to improve workflow.

- Adding new AUDs, CORs, and RESs as follows:
 - AID-847 Analysis of Service Auditor Report
 - COR-823 Request for Confirmation of Multiemployer Defined Benefit Plan Information
 - COR-907 Communication to Entity with Significant Deficiencies and/or Material Weaknesses: Review of Interim Financial Information
 - RPT-0904A Unmodified Opinion: Emphasis-of-Matter Paragraph Related to Going Concern: Substantial Doubt has Been Alleviated
 - RPT-0959 Unmodified Opinion: Includes Key Audit Matters, Emphasis-of-Matter and Other-Matter Paragraphs
 - RES-029 Implementing New Accounting Principles
 - RES-030 Determining and Communicating Key Audit Matters (KAMs) Decision Tree

In addition, forms and practice aids throughout have been updated to include new examples and tips, and where applicable, to take into account new literature, standards, and developments reflected in the following current audit and accounting guidance:

- FASB Accounting Standards Codification™ as of June 30, 2020, through Accounting Standards Update No. 2020-05
- AICPA Statement on Auditing Standards (SAS) No. 134, Auditor Reporting and Amendments, Including Amendments Addressing Disclosures in the Audit of Financial Statements
- SAS No. 135, Omnibus Statement on Auditing Standards – 2019
- SAS No. 137, The Auditor’s Responsibilities Relating to Other Information Included in Annual Reports
- SAS No. 138, Amendments to the Description of the Concept of Materiality
- SAS No. 139, Amendments to AU-C Sections 800, 805, and 810 to Incorporate Auditor Reporting Changes From SAS No. 134
- SAS No. 140, Amendments to AU-C Sections 725, 730, 930, 935, and 940 to Incorporate Auditor Reporting Changes From SAS Nos. 134 and 137
- AICPA Ethics Interpretation, Information System Services (ET sec.1.295.145)
- AU-C 930, Interim Financial Information
- AU-C 940, An Audit of Internal Control Over Financial Reporting That Is Integrated With an Audit of Financial Statements

Best Practices

- Save changes to workpapers before closing the workpaper or the binder to ensure data is correctly updated.
- If Microsoft® Word crashes when using Knowledge Coach, before closing the binder, use the **Save Knowledge Coach Answers** option in the binder view under the Tools menu. This saves all data within tables.

You can view other Knowledge Coach Best Practices on our [Web site](#).

License Requirements

This title requires the Knowledge-Based Audits of Commercial Entities license. Users who do not have a license for this title cannot use Knowledge Coach functionality in workpapers.

For information on updating your licensing, see [How do I add or update CCH ProSystem fx Engagement Licenses?](#) on our Support Web site.

For more information on assigning licenses, see [How do I assign Engagement Licenses?](#) on our Support Web site.

Download and Installation Instructions

See [How do I add a new CCH® ProSystem fx® Knowledge Coach title to CCH® ProSystem fx® Engagement?](#) for instructions on installing a new Knowledge Coach title.

Notes:

- You must install the 2020 Financial Statement Base title before installing this title.
- This title can be installed on Engagement v2019 by installing the v2019.2.6 or later update, which is available on Software Delivery Manager.
- On occasion, the content package file (KCP) downloads with the extension changed to ZIP. If this occurs, change the extension of the downloaded file to KCP, using all capital letters.

We also have a utility to help you install and release your titles. See [How do I use the CCH® ProSystem fx® Knowledge Coach Title Install Utility?](#) for more information.

Using Your Knowledge Coach Content with CCH® Accounting Research Manager®

CCH Accounting Research Manager (ARM) is the most comprehensive, up-to-date, and objective online database of financial reporting literature. It includes all authoritative and proposed accounting, auditing, and SEC literature, plus independent, expert-written interpretive guidance.

Available on ARM, the Knowledge-Based Audits of Commercial Entities Guide helps you comply with the most recent professional standards and guidance for the conduct of audits of Commercial Entities. It also integrates practice aids, tools, and other resources with its guidance. This publication supplements and complements the knowledge-based documents that are available in Knowledge Coach.

If you subscribe to an ARM library that includes Commercial content, you can link directly to source material from Resources within Knowledge Coach documents. These links have been updated to refer to the accounting standards under the FASB Accounting Standards Codifications. Also, if you subscribe to the Knowledge-Based Audits of Commercial Entities Guide on ARM, you can take advantage of references to the guide material from within the Knowledge Coach documents.

With ARM, you maximize the efficiency of your research time, while enhancing your results. Learn more about our content, our experts, and how you can request your free trial by visiting the [ARM Web site](#). You can also access the ARM Web site by selecting **Engagement > Binder Window > Shortcuts Bar > Guidance tab**.
