## Welcome to 2021 Knowledge-Based Preparations, Compilations, and Reviews of Dealerships for Knowledge Coach

This document provides important information about the 2020 release of Knowledge Based Preparations, Compilations and Reviews of Dealerships. Please review this information carefully. If you have any questions, additional information is available on CCH [Support Online](#).

### Information about the Title

---

This title is designed to help the accountant efficiently and effectively perform financial statement preparation engagements, compilations, and reviews of nonpublic dealerships in accordance with Statements on Standards for Accounting and Review Services (SSARS) issued by the Accounting and Review Services Committee (ARSC) of the American Institute of Certified Public Accountants (AICPA).

The Knowledge-Based™ Audit Methodology is a risk-based methodology that emphasizes using knowledge of the entity to perform preparation, compilation, and review engagements. It facilitates the flow of information so that the understanding obtained in each process affects the decisions made in the next. Although the accountant will likely perform most steps in this methodology sequentially, conducting an engagement is not necessarily a linear process. Knowledge gained from preliminary engagement activities helps the accountant design and customize engagement procedures; evidence gained from procedures performed is evaluated, and the appropriate accountant's report, if any, is issued. This edition includes specific up-to-date guidance for conducting preparation, compilation, and review engagements in accordance with the SSARS.

This document is intended to communicate the updates and enhancements included in the current version to users of the toolset. This document is not, and should not be used as, an audit program to update the audit documentation of an engagement started in a previous version of this product.

If you are updating from a previous version of this title, refer to the *Knowledge Coach User Guide*, Chapter 12. The guide is found on the Engagement File Room Help menu.

The 2021 documents include CCH<sup>®</sup> Accounting Research<sup>®</sup> links to specific guidance that provide instant access to detailed analysis related to the steps and processes discussed in the workpapers.

**Caution:** This title should only be used by accountants who are implementing the requirements of SSARS-25. For engagements where those standards will not yet be implemented, the auditor should continue to use the 2020 title, released on May 7, 2020.

## New in this Release

---

### CCH® ProSystem fx® Engagement 2019 Compatibility

This title can be installed on Engagement v2019 by first installing the Engagement v2019.2.6 Update. The latest update can be downloaded via CCH Software Delivery Manager. This update allows you to use the 2021 content without installing Engagement v2020 until your firm plans to update.

### KBCR-901 Financial Statement Disclosure Checklist

If you are not an early adopter, you still need to install this title to obtain the updated KBCR-901 Financial Statement Disclosure Checklist. The disclosure checklist is an independent workpaper and can be added to a binder without updating the other content for the new standards.

After installing, there are two options for inserting the updated disclosure checklist into a binder:

**Note:** Each of these options requires a staff member or group to have the right "Insert Workpapers from Unreleased Titles," which can be assigned in the ADMIN module. The staff with this right are indicated as "select staff members" in the options below.

- Select staff members can insert the updated checklist and delete the existing checklist from the binder. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy and paste any relevant information.
- Select staff members can use the Update Knowledge Coach Content feature to update to the 2021 checklist. To do this, first check in all workpapers except KBCR-901 Financial Statement Disclosures Checklists to avoid accidentally updating other workpapers. Then, right-click on KBCR-901 in the binder and select **Update Knowledge Coach Content > Update Selected Knowledge Coach Workpapers** to update only the disclosure checklist to the 2021 version. This option retains responses from the prior year other than the tailoring questions (table of contents).

**Note:** If other forms are accidentally updated, the changes cannot be undone.

- Select staff members can create a binder template with just the updated disclosure checklist. Then, other staff members can copy and paste the disclosure checklist from the template into the client engagement binders. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy and paste any relevant information.

### 2021 Edition of Knowledge-Based Preparations, Compilations and Reviews of Dealerships

This edition features numerous enhancements, including:

- Adding three new tailoring questions in REV-100 for the Review title
- New and modified procedure steps, practice points, and reports for current accounting guidance noted above.
