New in this Release

Knowledge-Based Preparations, Compilations and Reviews of Real Estate Entities

2018 Knowledge-Based Preparations, Compilations and Reviews of Real Estate Entities can be installed on CCH® ProSystem fx® Engagement v2017 by first installing the ProSystem fx Engagement v2017.2.4 update or later. The latest update can be downloaded [here](#). This update allows users to work on the 2018 Real Estate title without installing ProSystem fx Engagement v2018 until your firm plans to update.

The title is designed to help the accountant efficiently and effectively perform financial statement preparation engagements, compilations, and reviews of nonpublic real estate entities in accordance with Statements on Standards for Accounting and Review Services (SSARS) issued by the Accounting and Review Services Committee (ARSC) of the American Institute of Certified Public Accountants (AICPA).

The Knowledge-Based Preparations, Compilations and Reviews of Real Estate Entities methodology emphasizes using knowledge of the entity to perform preparation, compilation, and review engagements by facilitating the flow of information so that the understanding obtained in each process affects the decisions made in the next. Although the accountant will likely perform most steps in this methodology sequentially, conducting an engagement is not necessarily a linear process. Knowledge gained from preliminary engagement activities helps the accountant design and customize engagement procedures; evidence gained from procedures performed is evaluated and the appropriate accountant's report, if any, is issued. This edition includes specific up-to-date guidance for conducting preparation, compilation, and review engagements in accordance with the SSARS.

This document is published for the purpose of communicating the updates and enhancements included in the current version. This document is not, and should not be used as, a program to update the documentation of an engagement started in a previous version of this product.

If you are updating from a previous version of this title, refer to the Knowledge Coach User Guide Chapter 12. The guide is found on the Engagement File Room Help menu.

The 2018 documents include CCH® Accounting Research® material links to specific guidance that provides instant access to detailed analysis related to the steps and processes discussed in the workpapers.
